## OUR PROCESS FOR COLLABORATION BECOME AN OFFICAL SUPPLIER

Supercar Sharing® was founded by Swiss car collectors Deivis H. Valdes and Joschua Ammann to cater to individuals with a unique sense of community, sustainability, and a deep passion for extraordinary automobiles. We've reimagined the economic and sustainable approach to managing exotic vehicles, providing a comprehensive range of services tailored to enthusiasts of high-performance cars.

Since 2021, we have been a trusted partner for every step of the way, offering to clients and families comprehensive support in vehicle management, registration, sports car rentals, and vehicle co-ownership. With our protected Supercar Co-Ownership System®, we go beyond traditional ownership models, allowing collectors to purchase fractional shares of premium sports cars at a fraction of the cost. This approach ensures unique service, optimized car usage, and significant tax savings.

At Supercar Sharing®, we streamline the entire collaboration process with exclusive garages like yours to purchase and list cars on our platform.

### Short Overview of our initial process and sales:

# THE PROCESS IN DETAIL

## SHARED OWNERSHIP SALES

### 1 Initial Contact and Agreement

We establish communication with your sales team and discuss potential vehicles for listing on our platform.

We agree on the terms, including the price at which we would purchase the vehicle if enough interest is generated.

### 2 Sales Materials Preparation

Our team prepares all necessary sales materials for each vehicle.

#### **This includes:**

Professional photographs of the car.  
VIN Number (non-public) for verification purposes. Detailed information regarding the vehicle's warranty.  
We also craft compelling listing descriptions to attract potential co-owners.

### 5 Purchase and Registration:

Upon reaching the required interest level, we purchase the vehicle from your garage at the agreed price.

We handle the registration process, forming a company to hold the co-owned asset. Each share represents 10% ownership of the vehicle, with a maximum of 10 shares per vehicle.

### 4 Interest Generation and Commitment:

We gauge interest from our community. If enough individuals express interest in co-owning the vehicle, we proceed with the purchase.

Typically, the project duration for each vehicle ranges from 1-6 months, depending on demand.

### 3 Marketing and Promotion

We leverage our marketing channels to inform our customers and prospects about the new listings.

Our promotional efforts include email newsletters, social media posts, and website updates.

## FLEXIBILITY FOR SUPPLIERS

At Supercar Sharing®, we understand the importance of flexibility and convenience for our garage partners. Our collaboration model is designed to be seamless and accommodating, ensuring that you can continue your business operations without any disruptions.

### No Obligations Policy or Reservation Requirements

As a garage partner, you are not bound by any obligations or reservation requirements. You maintain full control over your inventory and sales processes. If you find a buyer for the vehicle independently before we complete our interest generation process, you are free to proceed with the sale. In such cases, we will simply close the project on our platform and look for a comparable model to list for our community. This approach ensures that partnering with us never hinders your existing sales opportunities.

## OUR REQUIREMENTS FOR GARAGES

To facilitate a smooth and effective listing process on Supercar Sharing®, we require the following from our garage partners:

### Professional Photographs of the Vehicle

High-quality images are crucial for attracting potential co-owners. We ask for professional photographs that highlight the vehicle's exterior, interior, and unique features. These images should capture the essence and condition of the car, making it appealing to our discerning audience.

### VIN Number (Non-Public)

The Vehicle Identification Number (VIN) is essential for verifying the authenticity and history of the vehicle. Providing the VIN ensures transparency and builds trust with potential buyers. Rest assured, this information will be kept confidential and used solely for verification purposes.

### Information Regarding the Vehicle's Warranty

Detailed information about the vehicle's warranty is vital for prospective co-owners. This includes the terms of the warranty, coverage details, and any remaining duration. Clear and comprehensive warranty information helps reassure buyers about the long-term reliability and protection of their investment.

# MAIN BENEFITS FOR SUPPLIERS

**Collaborating with Supercar Sharing® provides a multitude of benefits for garages and car suppliers, positioning you to reach a highly targeted and affluent audience. Here are the key advantages:**

#### **Additional Distribution and Marketing Channel**

Our platform serves as a powerful additional distribution and marketing channel for your company. By listing your vehicles on **[www.supercarsharing.com/offers](http://www.supercarsharing.com/offers)**, you expand your reach beyond traditional car listing sites. This additional exposure can significantly enhance your sales potential.

#### **Access to (HNWIs) and Ultra-High-Net-Worth Individuals**

Supercar Sharing® is uniquely visited by HNWIs and UHNWI who are actively seeking fractional ownership opportunities for luxury and exotic vehicles. These discerning buyers have the financial capability and desire to invest in premium cars, making our platform a lucrative venue for your listings.

#### **Unique Market Position**

Unlike conventional car marketplaces, Supercar Sharing® focuses exclusively on the co-ownership model for supercars. This niche market position differentiates us and attracts a specific demographic interested in innovative and economical ways to enjoy high-end automobiles. Your listings benefit from being showcased in an environment tailored to attract serious, high-value buyers.

#### **Comprehensive Support and No Obligations**

As a garage partner, you enjoy full flexibility with no obligations or reservation requirements. You are free to sell your vehicles independently; if a sale occurs before our project completes, we simply close the listing and seek a comparable model. This flexibility ensures that collaborating with us never hampers your other sales channels.

#### **Real-Time Share Management**

We manage all sold shares in real-time on our platform. This means you won't be confronted with the complexity of our shared listing model. We take care of everything from listing the vehicles to managing the sales process, ensuring transparency and efficiency.

#### **Professional Sales Materials and Marketing**

We take on the responsibility of preparing all sales materials, including professional photographs, VIN verification, and detailed warranty information. Our marketing team promotes your listings through targeted campaigns via email newsletters, social media, print, and our website, driving interest and engagement from potential co-owners and clients.

#### **Streamlined Purchase Process**

Once sufficient interest is generated for a vehicle, we proceed with the purchase at the agreed price, ensuring a straightforward and hassle-free transaction for you. Our efficient process reduces the time and effort required on your part, allowing you to focus on your core business operations.

#### **Enhanced Brand Exposure**

Listing your vehicles on Supercar Sharing not only helps you sell cars but also enhances your brand's visibility and reach including company name, vehicle portfolio, contact information, Logo and more. By associating with a tech-platform dedicated to luxury and exotic vehicles, you reinforce your brand's reputation for innovation and exclusivity.

#### **Community Engagement**

Supercar Sharing® fosters a sense of community among its users, who share a deep passion for extraordinary automobiles. By partnering with us, you tap into this community, potentially creating long-term relationships with repeat buyers and enthusiasts who value the unique offerings of your garage.

#### **Dedicated Internal Sales Team**

Our internal sales team will advertise all vehicles listed on our platform, ensuring that your vehicles receive maximum exposure and interest from our affluent customer base. You can rest assured that our dedicated team is working to sell your vehicles quickly and efficiently.
